

## Comprehensive Parts, Support, and Repair Services

Hunkar Packaging is staffed with highly trained certified technicians making us the best choice to function as your company's full service center for repairs and parts.

Your equipment will receive a thorough inspection to determine exactly what needs to be repaired. We will then provide a written estimate and begin repair work only after receipt of your written approval to proceed.

Our technicians ensure that your equipment is repaired to factory specifications. In addition to any necessary repairs, each piece of equipment is thoroughly tested, diagnostically evaluated and promptly returned functional and clean.

Hunkar is the ONLY AUTHORIZED part and service center for:  
Hunkar Packaging Labeling Applicators – 612, 3550, 9800
